FIRST REIT
FIRST REAL ESTATE INVESTMENT TRUST

DISCLOSURE

This presentation has been prepared by First REIT Management Limited (formerly known as Bowsprit Capital Corporation Limited), in its capacity as the manager of First Real Estate Investment Trust (“First REIT”, and the manager of First REIT, the “Manager”).

Investors have no right to request the Manager to redeem their Units while the Units are listed. It is intended that Unitholders may only deal in their Units through trading on the SGX-ST. Listing of the Units on the SGX-ST does not guarantee a liquid market for the Units.

The value of units in First REIT (“Units”) and the income from them may fall as well as rise. Units are not obligations of, deposits in, or guaranteed by, the Manager or any of its affiliates. An investment in Units is subject to investment risks, including the possible loss of the principal amount invested.

This presentation may contain forward-looking statements that involve assumptions, risks and uncertainties based on the Manager’s current view of future events. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of risks, uncertainties and assumptions – representative examples include, without limitation, general economic and industry conditions, interest rate trends, cost of capital, capital availability, shifts in expected levels of property rental income, change in operating expenses, property expenses and government and public policy changes and continued availability of financing in the amounts and the terms necessary to support future business. You are cautioned not to place undue reliance on these forward-looking statements, which are based on the Manager’s current view of future events.

The past performance of First REIT is not necessarily indicative of the future performance of First REIT.

ASSETS-UNDER-MANAGEMENT

Historical (S\$'million)

Breakdown by Geography (S\$'million)

Notes:

- (1) Compound Annual Growth Rate (“CAGR”) is calculated up to FY 2020.
- (2) Portfolio valuation decreased from S\$1,340.8 million to S\$939.7 million mainly due to net fair value losses on revaluation of investment properties, which the valuation of certain Indonesia properties have taken into consideration the terms arising from Restructured MLAs which took effect on 1 Jan 2021. Please refer to the Announcement on Notice Of Valuation Of Real Assets - Annual Valuation Of Properties dated 14 Jan 2021 for more details.
- (3) The carrying value of investment properties based on independent valuations as at 31 December 2020 were maintained as at 30 June 2021. While it is not required that a valuation be undertaken for the interim financial reporting, the Manager has reached out to its valuers from the Annual Valuation 2020 (“AV 2020”) exercise to conduct a high-level review of the key parameters for valuation of its investment properties. As there are no material changes to the key parameters based on the review by the valuers, the Manager is of the view that the AV 2020 market value as at 31 December 2020 should be maintained as at 30 June 2021, in the midst of the COVID-19 pandemic and its uncertainties.
- (4) The valuation for Sarang Hospital as valued by Colliers International (Hong Kong) Limited (“Colliers”) is US\$4.6 million, as at 31 December 2020. Based on potential upcoming capital expenditure costs, the Manager has taken a prudent view to mark down the valuation of Sarang Hospital to US\$3.1 million. The valuation in SGD reflected in the above table is hence based on the value of US\$3.1 million at the exchange rate of US\$1 = S\$1.3221 as at 31 December 2020. On 31 August 2021, the Manager announced the completion of divestment of Sarang Hospital and the entire shareholding interest in Kalmore (Korea) Limited.

 - i. First REIT's indirect wholly-owned subsidiary, Kalmore (Korea) Limited ("**Kalmore Korea**"), will sell the Property to Kiju Co., Ltd. pursuant to a real property sale and purchase agreement ("**Property Divestment**").
 - ii. Following the completion of the Property Divestment, First REIT's direct wholly-owned subsidiary, Kalmore Investments Pte. Ltd. ("**Kalmore Investments**"), will sell all of the shares of Kalmore Korea to Jemin Co., Ltd. pursuant to a share purchase agreement entered into on the date of this announcement ("**Shares Divestment**", together with the Property Divestment, the "**Divestment**").
- The aggregate sale price for the Divestment is approximately **US\$4.52 million**. - The net proceeds from the Property Divestment would be approximately US\$4.3 million and may be used to fund potential acquisition opportunities, repay existing indebtedness and/or fund general corporate and working capital needs of First REIT.
- The Manager believes that the Divestment will benefit unitholders of First REIT ("**Unitholders**") as it is in line with the Manager's proactive asset management strategy to optimise First REIT's portfolio and optimise returns for Unitholders.
- On 31 August 2021, the Manager announced the completion of divestment of Sarang Hospital and the entire shareholding interest in Kalmore (Korea) Limited.

This independent valuation (the "Independent Valuation") was commissioned by the Manager and conducted by the Independent Valuer. Based on potential upcoming capital expenditure costs, the Manager had previously taken a prudent view to mark down the valuation to US\$3.1 million which was announced on 14 January 2021; the Manager continues to hold the same view as at 1 June 2021.
